TANAKA TLE600 WALK BEHIND EDGE MOWER

Â

Tanaka TLE-600 Walk-behind Edger

The Tanaka TLE-600 cuts through overgrown edges faster than any belt driven walk-behind edger, stick edger, or shovel! For over 20 years, the world's FIRST-AND-ONLY shaft/gear driven walk-behind edger has been recognized as the number one machine for re-establishing overgrown sidewalk edges.

Â Â 50 cc, 2.5 h.p. Tanaka two-stroke engine

Â Â Solid steel drive shaft

Â Â Heavy-duty, two-stage air filtration system

Â Â Unique height adjustment system

Â Â 54 lbs. (24.5 kg)
